

HUNTINGTON CONTINENTAL TOWNHOUSE ASSOCIATION

Architectural Application PROCESS

ALL exterior modifications, alterations, additions, or changes must be submitted to the HCTA Architectural Committee for approval prior to any installation or commencement of work.

The Architectural Committee reviews all submittals for the purpose of determining if the proposed improvements first meet the Architectural Regulations, and that the improvements meet the high standards of our community's overall presentation, and especially that any improvements do not adversely affect the maintenance or life of Association assets.

Any changes to the exterior of a residence must be specifically called out, in detail, to be approved. Unless specified by the submittal, any installation will be assumed to be in strict accordance with the Association's Architectural Regulations. See Regulations for full details.

The Architectural Committee review is for compliance and aesthetics only. Homeowners must defer to licensed professionals regarding whether or not a permit is required for specific work. This also applies for any utility requirements, City/County easements or verification of property lines.

Modifications may include but are not limited to: Air conditioner, Tankless water heater, Awning/Patio cover, Front or Back door replacement, security/screen door, windows, electrical panels, patio shed, security cameras, or front landscape pavers/hardscape.

REQUIRED PROCESS:

1. Owner Submits Architectural Application in FULL

- a. Recommend email to go along with mailed application.

2. Application is reviewed for accuracy by Property Management

- a. Any incomplete applications will be returned for additional information
- b. Applications will not be formally 'submitted for review' until complete.
- c. Application Fee of \$25 must be received.

3. Completed applications are submitted to Committee for formal review.

- a. Architectural Committee has 30 days to review the completed applications (from the date the fully completed application is received by Property Management)
- b. If response is not received within 30 days from submittal, application will be deemed approved. A 'deemed approval' does not provide rights to the owner to violate alteration of the common area or Association maintenance areas regardless of submittal information.

4. Formal Approval or Denial

- a. Approval – permission granted to proceed as implicated in application.
- b. Returned – application is not approved as is, Committee will communicate any changes required to achieve approval.
- c. Denied – Reason will be specified. If denied, owner must start this process again from beginning with all required documents. Additional fee required if modifications are submitted after six months from date of denial.

HUNTINGTON CONTINENTAL TOWNHOUSE ASSOCIATION

Architectural Application – Home Improvement Form

Mail completed forms to:

HCTA c/o Optimum Property Management Attn:

Architectural Review Committee

230 Commerce, Suite 250

Irvine, CA 92602

- ┆ SET OF DRAWINGS/RENDERINGS. Pictures, product web links or brochures, general scope of work. AND/OR
- ┆ DETAILED DOCUMENTATION FROM YOUR CONTRACTOR AND
- ┆ \$25 Application FEE – checks payable to: ‘Huntington Continental Townhouse Association’

IMPORTANT INFORMATION TO REMEMBER:

Plans that are approved are not to be considered authorization to change the drainage as installed by the developer which has been fully approved by the city of Huntington Beach. The Architectural Review process is intended to consider aesthetic appearance and adherence to community standards. Owners are required to ensure (via contractor licensing and insurance requirements) proposed improvements do not alter the drainage pattern as established by the original developer.

Many projects may also need a permit from the City of Huntington Beach. This is fully the homeowners (or contractor) responsibility for improvements which include but are not limited to patio covers, gazebos, spas, tankless water heaters, air conditioning units, etc.

Most projects require a licensed contractor to complete. Application CAN BE denied by HOA if work is not done by licensed vendors as improvements can be connected to, and cause issues with, HOA property.

HUNTINGTON CONTINENTAL TOWNHOUSE ASSOCIATION

Architectural Guidelines

Items NOT requiring formal application, but regulations still apply.

See Architectural Regulations for full details.

Patio Fence: – can be replaced with neighbor approval/cooperation. NTE 6ft.

Patio Shed: – allowed up to 4ft above fence line.

- Can NOT be attached to building, wall, or fence. Freestanding only.
- Association may request shed to be moved – example, repair or paint

Mailbox, House numbers, Front light, Patio light: – like for like replacements.

- any work on or changes to exterior DOES REQUIRE Architectural Application
- no spot, or ‘security’ lights

Satellite Dish: Must be properly mounted on eave, any damage will be owner’s responsibility.

- Must NOT be attached to carport, or roof. Roof Eaves only.
- Old brackets and dishes must be removed
- No visible wires (grounding) are allowed at all.
- Netting is strongly recommended to avoid birds nesting as well

Patio concrete: – you may cover your concrete with garage/concrete paint, or tile.

- Cannot extend past your gate.
- Should the need arise Association may remove for maintenance or emergency.
- Architectural application is REQUIRED for any demo, or installation to the concrete, for any reason.

HUNTINGTON CONTINENTAL TOWNHOUSE ASSOCIATION

Front Garden Landscape Guidelines

All the beautiful landscaping, green belts, trees, and common areas are managed, maintained and property of the Association. That also includes the front garden areas. We take great pride and work hard to maintain the harmonious and pristine appearance that is enjoyed throughout the community. However, if you happen have a green thumb or a different idea, the association provides homeowners with some creativity and individuality in their front garden with the help of landscape guidelines.

Owner's are required to contact the Property Manager before any modifications to allow our vendor to make any adjustments to existing plants, irrigation or other Association property at HOA cost, prior to changes.

Fines can be assessed for front garden issues related to maintenance, appearance, and other associated rules.

Plants and Flowers: Any annual bedding plants are acceptable. Special permission is required otherwise.

- Plants cannot exceed 7ft, initially or in the future.
- No destructive root systems – example, Ficus Trees
- No expanding plants, continual rooting plants, or vines. – example 'Hen and Chick'
- Plants cannot be poisonous to humans – especially Angel's Trumpet aka Hell's Bells

Hardscape / Pavers: Understanding that the front area of your home is Association property and common area, hardscape patios are allowed with approval.

- Architectural Application Required. If no Approval obtained, HOA has right to remove.
- Must be Concrete or Stone pavers – no wood-based material allowed. No concrete slabs. (see diagram)
- Must be installed by licensed contractor, with proper base, slope/grading to protect HOA property
 - Contractor's License # required
 - Insurance verification also required for HOA common area work
- HOA will remove irrigation – contractor/owner not allowed to interfere with irrigation system.
- Size may differ based on unit and location, to be agreed on by owner and Arch. Committee.

Adopted 8/24/20

Water Features: No ponds, waterfalls, or water features in front flowerbeds without Architectural Approval.

- Must be less than 3ft, and must be cleaned frequently to avoid mold, mosquitos, and more.
- Condition must be maintained, owner's responsibility. Must be free of rust and chipped paint.

Accessories: Only non-hazardous accessories are allowed, limit 5 per home.

- If accessory is deemed unsafe by Association, it must be removed – example, glass or sharp metal
- Cannot be offensive, see full Rules and Regulations for complete sign rules.
- Unsure if your accessory is allowed, email a picture to the property manager.

Landscape Waiver: Homeowner's may request to 'waive' or remove their front garden from Association maintenance. If requested and approved, maintenance and upkeep is the responsibility of the homeowner and will be reviewed regularly. Any issues will be communicated and must be addressed to avoid fines and/or losing 'No Touch' status, which would result in the Association resuming maintenance. See official form.
